ENTHUSIASM - OPTIMISM - ACTION - COMMITMENT

- The above words best describe the feelings expressed at our Divisional Chairmen's meeting held on Wednesday, March 13th.
- While we only reported 58% which is \$197,000 on our \$340,000 objective, divisional chairmen collectively reported that all areas were hard at work and that a final figure of \$351,000 was possible.
- Commitment was expressed by everyone saying they were prepared to remain hard at work until the job was completed.
